

2016 Spring Clinic Series

The 2016 Spring Clinic Series will include four individual clinics, each covering a specific area of the golf game. Clinics will include demonstration, explanation of the techniques used to execute the shot for that day's topic, hands on instruction from a PGA professional Jim Robinson, and drills for both on and off the range to help you engrain these techniques into your swing. All information will be presented in a *relaxed atmosphere* and all questions will be welcomed and will be answered thoroughly. The topics in the series are:

Putting: March 21st

This clinic will focus on the many different putting styles. Discussion will consist of what makes them unique as well as some basic fundamentals they all have in common. This is a fun clinic with numerous practice drills and games to help with the main thing we are trying to accomplish: ***Get it in the hole!!!***

Chipping: March 28th

This is where most players can really improve their game. How many times have you hit two good shots, be right next to the green and walk off with a six or seven. During this clinic we will discuss how to deal with different situations and lies.

Half and Full Wedge Shots: April 4th

Often referred to as the scoring club, your wedges can be your best friend or worst enemy. In the clinic you will learn to make better and more consistent contact on full wedge shots as well as techniques to improve those shots that are less than a full swing.

Full Swing: April 11th

In this clinic we will focus on how the final steps to developing a consistent and smooth golf swing that result in more consistent and more solid contact with the golf ball. Also discussed is the different characteristics between the driver, fairway metals, and long and short irons.

Cost

The cost of each clinic will be \$25 and will be limited to 10 golfers per clinic. Sign up for all four and pay \$80, saving \$20. Sign up at the pro shop. Entry fee due at sign up.
